

Discord Bots: An Overview

Our premise has been clear from the very start - to **build tools and create utilities that can elevate** a trader's experience in the Solana Ecosystem. It is with pride and honor that we present to you SOL Decoder's tools.

SETUP - To setup the tool follow these steps :

1. Join the SOL Decoder Discord [SOL Decoder Discord](#)
2. Open a support ticket and type !bot in the ticket, which will otherwise tell you to go to <https://apps.soldecoder.app/dao> to set up the bots
3. For further help feel free to ping our Staff

PRICING -

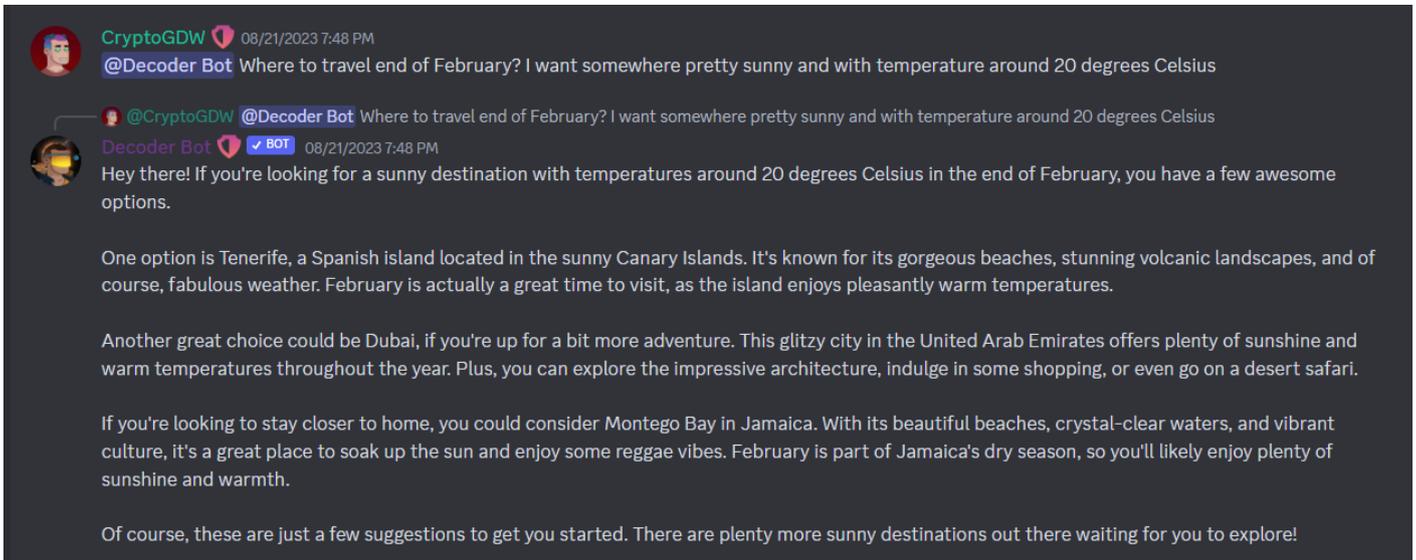

- Hold 3 NFTs and pay royalties and you can unlock one of our bot packages (except Engage 2 Earn (E2E) and our AI bots)
- Hold 4 NFTs for E2E and our alpha bot packages, and 5 NFTs for now for the DecoderAI bots

AI Tools

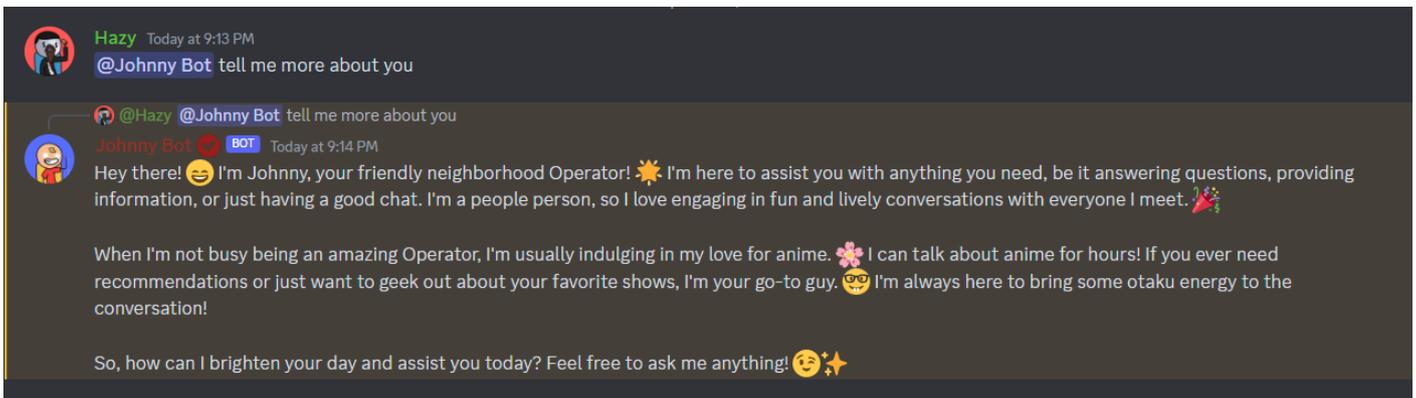

When used effectively, ChatGPT can boost many areas of life. See descriptions / examples below. With any of the below, you can ask it to rewrite parts of it, add certain things, or expand upon other areas. Treat it as an employee or super-powered robot helper! It will raise the engagement of your Community and give your Members another reason to spend time your server.

CHAT - Chat with our bot by tagging it or replying to it, utilizing OpenAI and ChatGPT. History is remembered, and can be cleared with /clear. Learn advanced techniques on

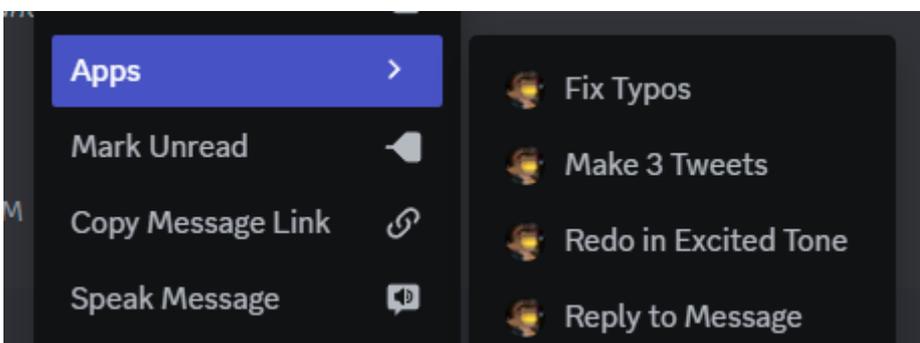

<https://beta.openai.com/examples>

CUSTOMIZE THE PFP AND PERSONALITY - Customize the default personality by having it always speak a certain language, or tell it to be sarcastic on all replies, or teach it about your project! Also customize the PFP to match your brand!

CONTEXT MENU - Included context menu commands let you quickly access a variety of AI features. Right click any Discord message to reply to it (and in various tones), generate tweets, fix typos and more.

OVER 120 PERSONALITIES - Using /prompts, have the AI use specific personalities to act as. View the full list with /prompts_list. Act as a Travel Guide, Doctor, or Stand-up Comedian for personal things. Or Act as an Advertiser or IT Architect to help your business.

Act as an Advertiser (business)

Act as a Storyteller (writing)

Act as a Football Commentator (fun)

Act as a Silly Spelling AI (fun)

Act as a Stand-up Comedian (fun)

Act as a Motivational Coach (utility)

Act as a Composer (music)

Act as a Debater (education)

Act as a Screenwriter (movie)

Act as a Novelist (writing)

prompt Prompt to use. Type "act" to see some - over 120 to choose from

/prompts prompt

DREAM - Generate unique and creative images from text prompts using the /dream command. Perfect for visualizing ideas or just having fun!

[ENTER IMAGE HERE]

SETUP - To setup the bot, just use /ai_setup command and use the on-screen instructions.

Decoder Bot   Today at 9:42 PM

AI Setup

This AI Setup panel will help you configure the AI features for your server.

Chat with the bot!

- Start off by editing any channel(s) you want your users to speak to the bot in. Edit it - Click "Permissions" - "Advanced Permissions" - "Add Roles / Members" - type "SOL Decoder" and click on it
- Down in the list of Roles / Members, click "SOL Decoder", then click the green check next to "View Channel" and "Send Messages" and "Read Message History"
- Tell the bot hello by tagging it in chat (@SOL Decoder Bot). Reply to its messages to continue talking
- It's recommended to make a new channel such as "ai-chat" and have users talk to the bot there. Click "Configure Live Chat Channel" below to do this

Want more?

- Type `/ai_features` to learn more about the bot, and then click `Setup Premium` below. We have a ton of other premium AI features you can unlock
- Enter in your OpenAI Key to unlock more chats per day, by clicking `Setup OpenAI Key`

[Setup OpenAI Key](#) [Configure Live Chat Channel](#) [Setup Premium](#)

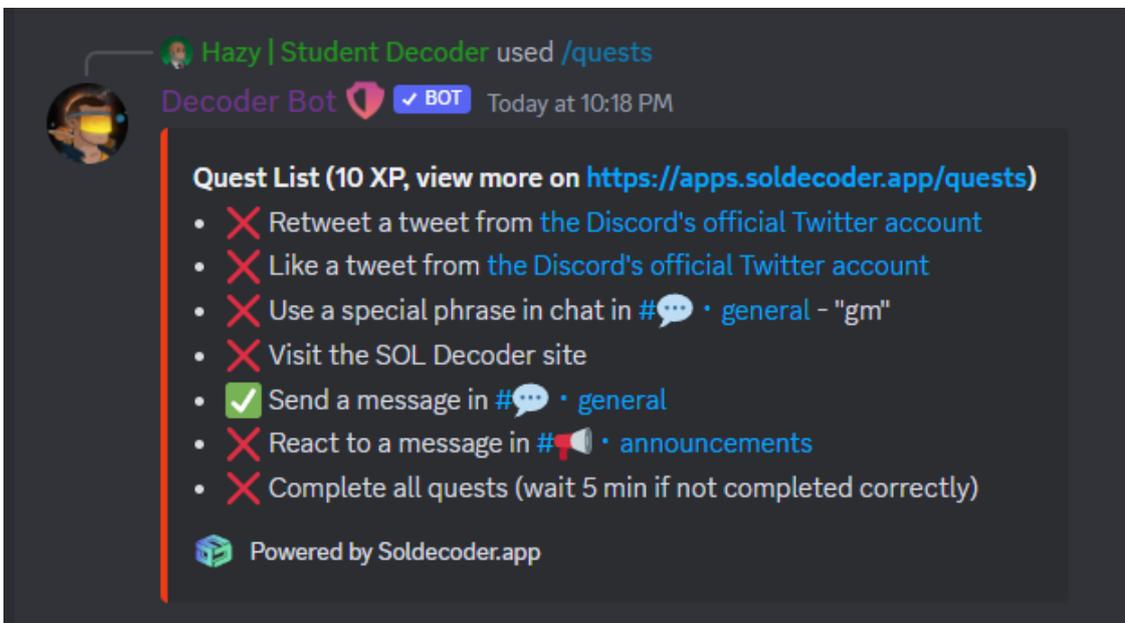

For more information please have a look at our AI doc : <https://aidocs.soldecoder.app/>

Engage-2-Earn(E2E)

Don't pay for engagement and instead reward your Members for engaging inside the Discord or via Twitter. Fully customizable and automatic.

More information about E2E : [Engage 2 Earn - User o... | SOL Decoder Docs](#)

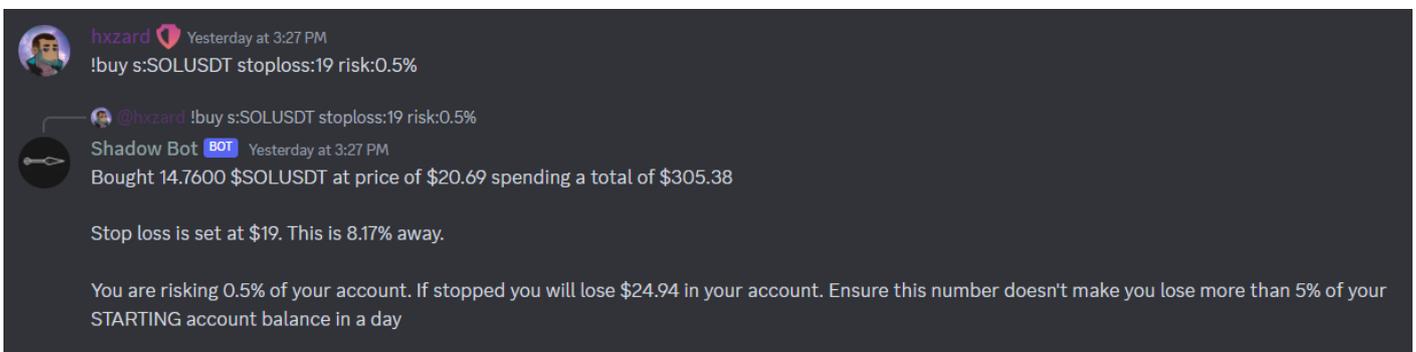

How to setup E2E : [ENGAGE 2 EARN - DAO Setup | SOL Decoder Docs](#)

Shadowbot

With Shadowbot, you can seamlessly engage in trading activities, all while staying within the Discord environment. Experience the following features:

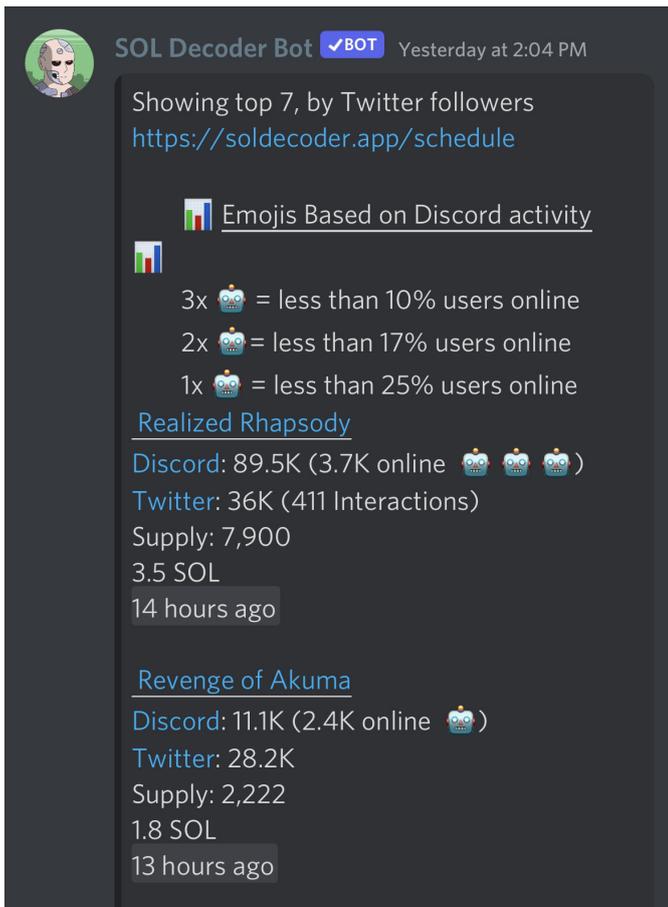

- **Instant Trading:** Buy/sell in a snap—type a few words and execute Crypto trades with automatic stop loss and predefined risk.
- **Full Account Integration:** Access your portfolio, open orders, and trade history without leaving Discord. Shadowbot supports multiple exchanges!
- **Social Trading:** Engage in social trading by anonymously sharing your trades in a dedicated channel. Soon, you'll even be able to copy trades effortlessly.

For more information about the Shadowbot : [Shadow Bot - Shadow \(gitbook.io\)](https://gitbook.io)

Alpha Generating Tools

DAILY-MINTS - Provides you more insight about a project's true hype through automated posts about upcoming NFTs, along with its Twitter/Discord stats. This also includes custom summaries including other chains.

Double_Zlatan ♥ 07/31/2023 3:34 PM
Hey **@Alpha Calls** Daily-mint for **31/07/2023**

Time is first phase to be able to mint / Price is public price

 **POLYGON Launch** 

A **FIRESKY** / Mint Time: 1:00 PM / Price: 0 MATIC / Supply: 7777

B **BITCOIN Launch** 

B **Mag Cinephoto** / Mint Time: 8:30 PM / Price: 0.002 BTC / Supply: 78

SOL Launch 

C **Degenerate Trading Bears** / Mint Time: 11:00 PM / Price: 2 ◎ / Supply: 4269

 **Nothing**

I will monitor Degenerate Trading Beras as they did well with presale but minting now imo is a very bad choice from the team

TOP 1HR-VOLUME - See every project with the highest Volume on MagicEden to not miss any pump.
